

**CAMELEY PARISH COUNCIL**

# Health & Safety Policy

**General policy and arrangement for Cameley Parish Council**

In accordance with section 2 of the Health and Safety at Work etc. Act 1974, it is the duty of every employer to ensure, so far as is reasonably practicable, the health, safety and welfare at work of all employees. There is no requirement for an organisation with less than 5 employees to have a documented Health and Safety Policy however in line with National Association of Local Councils (NALC) recommended best practice and the Councils commitment to quality, the following policy statements set out the Councils commitment to Health and Safety.

The overall and final responsibility for Health and Safety rests with the Parish Council but day to day responsibility for the implementation of this policy sits with the Clerk.
